Subject: Deschutes - summary of 10/4 call
Attachments: Deschutes TMDL Technical Call Summary (100418).docx

Flag: Follow up

Hi Miranda and Jayne,

Attached is a brief summary of our call last week on the additional data and information for the Deschutes TMDLs. The action items are also listed below. Please let me know if you have any suggested edits or comments on the summary.

Action Items

- Tetra Tech will prepare a summary of the call and distribute it to the team for comments.
- Tetra Tech will request data in a more usable format from Thurston County (EPA will be copied on the request).
- Tetra Tech will pursue permittee data from Ecology's Paris database.
- Miranda will ask the watershed group organizer to send a data request to the team. Goal is to obtain additional MS4 data.
- Miranda will request the additional data and information from Ecology; Tetra Tech will first review the data request bullets prepared by Miranda.
- Miranda will follow up with Leanne about a tribal contact.
- Amy will follow up the week of October 15 about the timing of the technical approach, which is dependent on additional data.

Thanks, Amy
